Steek achter in bij 1,  
en trek de draad naar 9,  
achter langs naar 10,  
voor langs naar 2.  
Dus:  
1-9 (9-10) enz.

Stitch from behind by 1,  
and pull the thread to 9,  
along the back to 10,  
along the front to 2.  
So:  
1-9 (9-10) etc.

De ... is opgebouwd uit bogen.  
Borduur deze op dezelfde wijze  
als de beschrijving hierboven.  
De eerste lijnen staan telkens  
ingetekend.  
Er wordt steeds aangegeven  
waar je moet beginnen en waar  
je moet eindigen. (b.v. A-B)  
Tussen haakjes [1-7] staat het  
aantal gaatjes welke je telkens  
moet overbruggen.  
Let op dit kan verschillen van  
boog tot boog.

The ...is builds up with curves.  
Embroider these, the same as  
with the description above.  
The first threads are drawn in the  
pattern.  
In the description, you see a start  
point and where you have to  
stop. (e.g. A-B)  
Between the hooks [1-7] the  
number of points, you need to  
skip.  
Watch out this will be different  
from curve to curve.
